Earnings and Savings Disclaimer

Every effort has been made to accurately represent the skills, concepts, ideas, techniques and "know how" offered by Successful Business Awareness© and its potential. There is no guarantee that you will earn or save any money using the ideas and techniques suggested in this informative manual. Examples in these materials are not to be interpreted as a promise or guarantee of savings or earnings. Earning/Saving potential is entirely dependent on the person or persons using the manual, ideas and techniques. We do not purport this as a "get rich scheme."

Any claims made of actual savings or examples of actual results can be verified upon request, only with the written permission of those clients that have a signed confidentiality agreement with Hartman Business Services® resulting from our consultation with them. Your level of success in attaining the results claimed in our manual depends on the time you devote to the concept, ideas and techniques mentioned, your finances, your procedures, knowledge and various skills.

Since these factors differ according to individuals, we cannot guarantee your success or income level. Nor are we responsible for any of your actions. Words from our program and on our website may contain information that includes, or may be based upon, forward-looking statements within the meaning of the securities litigation reform act of 1995. Forward-looking statements give our expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning in connection with a description of potential earnings or financial performance. Any and all forward looking statements here, or on any of our sales material, are intended to express our opinion of earnings and/or savings potential. Many factors will be important in determining your actual results and no guarantees are made that you will achieve results similar to those of our clients or anybody else's, in fact, no guarantees are made that you will achieve any results from the ideas and techniques in the manual.
